Class Is in Session

Strangeville Middle School has ordinary classes: math, gym, art, and so on. Well . . . maybe not that ordinary. After all, how many times have you had to calculate the area of an aardvark in math class only to be interrupted by a rogue crocodile?

What's your favorite subject in school?

What do you enjoy about it?

If you could take an entire class on one topic, what would the subject be and why? Video games, cats, doughnut-making? Anything goes!
