## Dear Reader,

*New York Times* bestselling author, *TODAY* Show co-host, and meteorologist Dylan Dreyer's next Misty adventure is all about getting along and learning to compromise!

In this follow-up to the *New York Times* bestseller, Misty's party with her cloud pals is interrupted by a group of sunbeams. Uh-oh! Misty goes from cool and calm to a bit heated. The clouds and sunbeams have a very hard time putting aside their differences and agreeing on a game.

Can they find a way to come together? Read ***Misty the Cloud: Friends Through Rain or Shine*** to find out!

With this latest addition to the Misty the Cloud series and these activities to accompany storytime, your child is taught lessons in compromise, sharing, and dealing with the good days, bad days, and everything in between!

Happy reading! And remember, together is better no matter the weather!
